

# MyCOMMS features

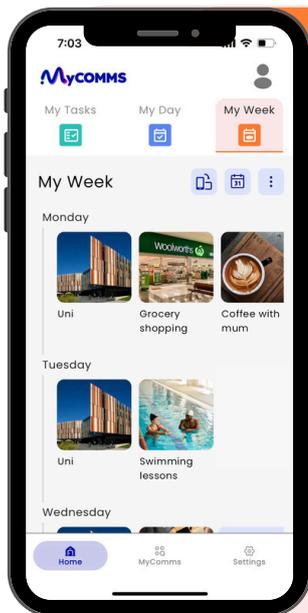

## My Tasks

Task breakdowns with step-by-step visual support.

## My Day

Personalised daily schedules for everyday tasks and transitions.

## My Week

Visual weekly calendars that highlight key events.

## My Choices

Visual choice boards that help people choose what they want or need.

- 2 modes: **Creator mode** (person who creates, edits and deletes visual supports) and **Play mode** (person who needs and interacts with visual supports).
- 200+ visual **templates** made by industry leaders.
- Use your **camera** or image gallery to reflect your life, language and practices.
- **Duplicate, share, export, print, edit or delete** visual supports made within MyComms.
- MyComms is **\$14.99/month or \$164.89/year**. It can be purchased using NDIS funding as a low-cost assistive technology and may also be claimed in aged care under a resident's care or lifestyle budget where communication supports are part of their plan.
